Re: Curriculog Live Date

Colleagues,

I wanted to announce that Curriculog will go live and will begin to accept course and curriculum proposals beginning Spring Semester 2016.

Short Forms and Long Forms that are already in progress past the point of department chair approval will continue to be accepted through the remainder of the academic year and will no longer be accepted beginning Fall 2016.

For details and to register for the upcoming Curriculog training sessions, please visit:  
<https://teaching.uncc.edu/curriculog-training>.

For additional details on the implementation to Curriculog, please visit:  
<http://facultygovernance.uncc.edu/acalog-curriculog>.

Please let Matt Wyse ([mwyse@uncc.edu](mailto:mwyse@uncc.edu)) or I know if you have any questions about Curriculog implementation, and feel free to share this information widely in your areas. A campus announcement will be made at the start of Spring Semester instructing faculty and staff how to access the Curriculog system.

Thanks!
